The subject of an appearance by General Cabell was also discussed. Nothing definite has been decided on this as yet. (See Memorandum for the Record for details.)

3. Checked with the office of Jim Hyde in the Bureau of the Budget concerning the status of S. 2188, a bill to provide for a Citizens Council for the Advocacy of Freedom. The Bureau has received no reports on this bill and has not developed a position with respect to it.

4. Talked with Representative Bob Wilson and he indicates that the two speeches of the Director and the most recent one of General Cabell would probably be sufficient for his purposes. I indicated that if he wanted further assistance we would be glad to attempt to help. He said he might call on us.
